

# Aloe Care - Organic, Skin Care Lotion

**Aloe Care skin Lotion** is produced using organic Aloe Vera inner gel capturing the maximum nutritional capacity of the Aloe Vera Barbadensis plant. It combines the effects of Aloe Vera gel and lanolin. The organic lotion moisturises, softens and helps restore dry, sensitive skin. As an excellent cleansing and detoxifying agent, Aloe Care removes dead skin cells, wastes and toxins while opening clogged-pores. It is non-greasy and easily absorbed giving the skin a fine texture.

**Ingredients:** Aloe Vera gel, Sorbitol, Stearic acid, Lanolin, Propylene glycol, Triethanolamine, Methylparaben, Propylparaben, Fragrance, Water.

**Health benefits** of Aloe Vera includes healing effects in the treatment of skin lesion, wounds, insect bites, minor burns, acne and various forms of dermatitis. It is an odourless herb with anti-inflammatory, astringent and antimicrobial properties. For burns and wounds, the lotion is particularly effective as it activates the white blood cells for fighting microorganisms while increasing circulation to the area which results in accelerated remedy. Aloe Care stimulates enzyme action in skin tissue, enhancing cell division. Its naturally soothing ingredients improve skin with repeated use.

**Directions:** Gently massage the lotion until absorbed.

**Precautions:** For external use only. In case of irritation, stop using it and consult a physician.

**Dosage:**

- Use once or twice a day as per need
- Re-apply when necessary

**Product manufactured and marketed** under license from Allium Vitalis, Berkeley, CA, USA.
